INDEX TO VOLUME 3

Subjects

- AAPCC, see American Association of Poison Control Centers
 Abbott J, Gifford M, Rosen P, *Protocols for Prehospital Emergency Care, 2nd edition* (book review), 585
 Abdominal counterpulsations, see interposed abdominal compressions
 Academic health center(s), trauma center(s) in, 244
 Acid, lactic, prediction of downtime in cardiopulmonary arrest with, 120
 Acidosis, cardiac arrest and, 498
 theophylline overdose causing, 408
 Activated charcoal, use in the treatment of drug overdose(s) (journal club), 280
 Acute medicine, in Japan, 364
 Adult respiratory distress syndrome, rattlesnake bite causing, 227
 Advanced life support, Second International Urban EMS Conference and, 564
 Airway, obstruction of, epiglottitis causing, 534, 543
 supraglottitis causing, 512
 Airway management, in resuscitation (letter), 482
 pre-hospital methods for, 381
 Alkali, esophageal burn(s) from, 320
 Alkalies, corrosive injury caused by, 412
 Alkaline phosphatase, assessment of choledocholithiasis before surgery with, 556
 Altitude-related illness, overview of, 217
 American Association of Poison Control Centers, 1984 annual report of, 423
 American College of Emergency Physicians, academics and (editorial), 368
 medical education and (letter), 578
 American Heart Association, guidelines for cardiopulmonary resuscitation, 31
 Ammonia, household, caustic injury from, 320
 Amnesia, transient global, diagnosis in the emergency department of, 352
 Anaerobic myonecrosis, see gas gangrene
 Angina pectoris, gastrointestinal cocktail in the relief of, 208
 Angiography, indications in thoracic trauma for (journal club), 92
 Antibiotics, prophylactic use in dog bites of, 19
 Antipyretic(s), temperature response of children to therapy with, 190
- Arrest, cardiac, calcium blockers in neurological recovery after (letter), 480
 cardiopulmonary, use of endotracheal tube and esophageal gastric tube airway in, 381
 circulatory, use of FUT-175 in (abstract), 366
 Arrhythmia(s), ventricular tachycardia, treatment of, 536
 Arteriovenous pressure difference, IAC-CPR and, 165
 Arteritis, cranial, 212
 Artificial respiration, see respiration, artificial
 Aspirin, pediatric overdose with, 33
 Asthma, acute, decision to admit or discharge patients with, 74
 Fischl index and, 74
 treatment in the emergency department of patients with, 74
 Asystole, immediate transthoracic cardiac pacing for, 125
 use of atropine in treatment of, 395
 use of calcium chloride in treatment of, 395
 use of electrical countershock in treatment of, 395
 use of epinephrine in treatment of, 395
 Atrial flutter, conjunctival oxygen monitoring and, 541
 Atropine, use in treatment of asystole of, 395
- Bacteremia, occult, diagnosis of, 190
 effect on response of children to antipyretic therapy, 190
 Bacteria, ambient, elimination from critical-care ward of (abstract), 366
 Basic life support, Second International Urban EMS Conference and, 564
 Batteries, ingestion of (abstract), 474
 alkali burns caused by (letter), 265
 Belgium, emergency hospital infrastructure in, 78
 Benzodiazepine, trivial overdose with, 210
 Bilirubin, choledocholithiasis and, 556
 Blood, whole, see whole blood
 Blood flow, cerebral, measurement during cardiopulmonary resuscitation of, 150
 coronary, IAC-CPR and, 156
 Blood gases, use in the assessment of cardiopulmonary resuscitation, 132
 Blood pressure, reliability of monitoring method in transport (abstract), 474
 high, see hypertension

- Botulism, type A, emergency department presentation of, 203
- Boyd DR, Edlich RF, Mick S, *Systems Approach to Emergency Medical Care* (book review), 494
- Broad W, Wade N, *Betrayers of the Truth: Fraud and Deceit in the Halls of Science* (book review), 90
- Burn(s), chemical, oven-cleaner pads causing, 412
- contact, hot-pack application causing, 38
- esophageal, 320
- Calcium blockers, in cardiac arrest, 1
- magnesium sulfate, 1
- neurological recovery after cardiac arrest with, 1
- neurological recovery after cardiac arrest with (letter), 480
- verapamil, 1
- Calcium channel blocker(s), nifedipine, use in hypertensive emergencies of, 524
- Calcium chloride, reversal of cardiogenic shock using, 334
- use in treatment of asystole of, 395
- Cardiac arrest, acidosis and, 498
- Fifth Purdue Conference and (editorial), 171
- neurological recovery after, 1
- flunarizine in, 150
- out-of-hospital, early cardiopulmonary resuscitation and, 114
- survival from, 114
- paramedic response time to, 498
- Cardiac life support, improved, call to study (editorial), 84
- Cardiac pacing, external, see cardiac pacing, transcutaneous
- myocardial injury from, 108
- noninvasive, see cardiac pacing, transcutaneous
- transcutaneous, pathological aspects of, 108
- use in asystole of, 129
- use in emergency department of, 129
- transthoracic, immediate use in cardiac asystole of, 125
- transthoracic percutaneous, approaches used in, 193
- placement accuracy of pacing wires in, 193
- success of electrical capture in, 193
- Cardiac resuscitation, contributions of Joseph S. Redding to, 247
- hypokalemia and, incidence and causes of, 503
- review of development of, Joseph S. Redding's contribution to, 247
- Cardiac rhythm, prediction of survival from thoracotomy using, 311
- Cardiogenic shock, see shock, cardiogenic
- Cardiopulmonary arrest, pre-hospital, 143
- Cardiopulmonary resuscitation, see also Fifth Purdue Conference on CPR and Defibrillation
- adequacy of, lactic acid as an indicator of, 120
- arterial and venous blood gases in assessment of, 132
- bystander-initiated, 114
- cerebral blood flow in, 305
- closed-chest, 305
- complications of, gastric insufflation, 99
- pulmonary edema, 137
- coronary perfusion pressure during, 11
- early initiation of, 114
- fallacious arguments against research into, 461
- gastric insufflation during, 99
- house officers' retention of skills in, 31
- importance of early initiation of, 114
- interposed abdominal compressions and, animal models of and theoretical considerations in, 165
- comparison with standard CPR of, 143
- effect on cardiac resuscitation rates of, 143
- effect on central arterial and venous pressures of, 156
- emesis during, 143
- optimization of, 165
- interposed abdominal compressions and (editorial), 84
- measurement of the effectiveness of, 11
- micro, macro, and new (editorial), 260
- National Conference on (editorial), 260
- open-chest, 305
- determination of efficacy of, 495
- lactic acid levels during, 120
- venous oxygen saturation during, 495
- versus closed-chest techniques, 305
- pediatric, animal model of, 305
- performance by ambulance attendants (abstract), 257
- pulmonary artery diastolic pressure during, 137
- recertification in, 31
- skills in, retention of (letter), 479
- sudden cardiac death and, annotated bibliography of recent literature in, 485
- use of epinephrine in, 285
- Carter P, *Common Hand Injuries and Infections* (book review), 277
- Catheter(s), central venous, flow rate(s) of, 403
- pediatric, flow rate(s) of, 403
- Cerebral edema, see edema, cerebral
- Cerebral infarction, see infarction, cerebral
- Cerebral resuscitation, calcium blockers in, 1
- fallacious arguments against research into, 461
- Cervical spinal cord, injury to, 340
- asymptomatic (letter), 263
- stability of, 340
- treatment of, 340
- Chernow B, Lake CR, *The Pharmacologic approach to the Critically Ill Patient* (book review), 175
- Children, use of emergency department by, effect of season and weather on, 327
- use of emergency departments in the 1970s by, 177
- Cholecystitis, diabetes and gas gangrene with, 42
- Cholelithiasis, alkaline phosphatase in assessment of, 556
- pre-operative diagnosis of, 556
- Clinical trials, controlled, essential elements of, 67
- methods of randomization in, 467
- Clonidine, use in treatment of narcotic withdrawal of, 456
- Coagulopathy, rattlesnake bite causing, 227
- Cocktail, gastrointestinal, see gastrointestinal cocktail
- Cognitive impairment(s), recognition in emergency department of, 400
- Colic, renal, emergency evaluation and management of, 56
- excretory urography and, 56
- Coma, trivial triazolam overdose causing, 210
- Computed tomography, use in diagnosing cause of headache, 212
- Contusion, myocardial (journal club), 586
- Coronary artery, occlusion of, spontaneous ventricular fibrillation resulting from, 285
- Coronary perfusion pressure, correlation with successful resuscitation of, 147
- IAC-CPR and, 156
- Corrosive(s), injury caused by, 412
- CPR, see cardiopulmonary resuscitation
- Critical care medicine, annotated bibliography of recent literature in, 266
- physician education in (editorial), 569
- training for emergency medicine residency graduates in, 531
- Crotalus, envenomation by, 227
- Cyanide, acute poisoning with, stroma-free methemoglobin solution as antidote for, 519
- Cyanomethemoglobin, acute cyanide poisoning and, 519

- Defibrillation, automatic external (editorial), 568
 during cardiac surgery, 104
 emphasis on (editorial), 174
 epicardial, energy requirements for, 160
 parietal pericardial defibrillation and, 160
 pericardial, energy requirements for, 160
 epicardial defibrillation and, 160
 success rates of, 104
 use in treatment of asystole of, 395
 use of electrical countershock and epinephrine in, 285
 using low energy, 104
- Diabetes, gas gangrene and cholecystitis with, 42
 greater risk of infection with, 42
- Diagnostic Interview Schedule, use in emergency department of, 419
- Diarrhea, induction of, drug clearance using, 182
- Disaster(s), triage success during, 323
 patient tracking cards in, 323
- Dislocation(s), shoulder, simultaneous bilateral, anterior and posterior, 331
- Dog-bite wounds, controversy over management of 83
 initial management of, 19
 prophylactic use of antibiotics in, 19
 protocol for management of, 19
- Dog(s), see under experimental animal(s)
- Downtime, lactic acidosis as a predictor of, 120
- Drug overdose(s), use of activated charcoal in the treatment of (journal club), 280
- Edema, cerebral, altitude causing, 217
 pulmonary, altitude causing, 217
 non-cardiogenic, salicylate-induced, 33
 occurrence during cardiopulmonary resuscitation, 137
 pulmonary vascular hemodynamics with, 137
 salicylate-induced (letter), 481
 salicylate-induced in children, 33
- Education, emergency medical, 531
 medical, American College of Emergency Physicians and (editorial), 368
 American College of Emergency Physicians and (letter), 578
 cardiopulmonary resuscitation and, 31
 critical-care, 531
 for EMT(s), 240
 special requirements for emergency medical residency training (letter), 576
 trauma center(s) and, 244
- Eisenberg MS, Bergner L, Mallstrom AP, *Sudden Cardiac Death in the Community* (book review), 91
- Electrical capture, success of percutaneous transthoracic pacing in achieving, 193
- Electrical countershock, use in treatment of asystole of, 395
- Electrodes, extrathoracic, artificial ventilation produced by, 337
- Electroencephalograph, use in the assessment of neurological recovery in cardiac arrest, 150
- Electroventilation, animal model of, 337
- Embolism, paradoxical, renal infarction caused by, 206
- Emergency center(s), freestanding, cost-containment and (editorial), 259
 emergency department(s) and (editorial), 259
 emergency department(s) and (letter), 576
 tertiary, in Japan, 252
- Emergency department(s), effect of season and weather on pediatric use of, 327
 freestanding emergency center(s) and (editorial), 259
 freestanding emergency center(s) and (letter), 576
 pediatric use in the 1970s of, 177
 recreational softball injuries and, 199
 psychiatric screening in, see under psychiatric screening
 toxicology screening and, 507
 toxicology screening and (editorial), 573
- Emergency medical services system, in United Kingdom, 561
- Emergency medical system, in Belgium, 78
 in Japan, 79
- Emergency medical technician, see EMT
- Emergency medicine, clinicians and research in (editorial), 88
 controlled clinical trials in, 67
 in Japan, overview of, 252
 medical malpractice and (editorial), 571
 physician education in (editorial), 569
 requirements for residency training in (letter), 576
 residency graduates in, critical-care training for, 531
- EMT(s), training of, controversies in, 240
 curriculum for, 240
- Endotracheal tube, esophageal obturator airway efficiency and (letter), 260
 use in pre-hospital setting of, 381
 use in resuscitation of (letter), 482
- Envenomation, rattlesnake, clinical presentation of, 227
- EOA, see esophageal obturator airway
- Epiglottitis, see also Supraglottitis
 occurrence and treatment in adult(s) of, 512, 543
 recurrent episode in youth, 534
 symptoms in adult(s) of, 534
- Epinephrine, use in treatment of asystole of, 395
- Erythrocytes, role in trauma resuscitation of, 358
- Esophageal foreign bodies, removal in adults of, 64
- Esophageal gastric tube airway, use in pre-hospital setting of, 381
 use in resuscitation of (letter), 482
- Esophageal obturator airway, endotracheal tube efficiency and (letter), 260
- Esophagus, foreign bodies in, removal with Foley catheter of (letter), 371
- ET tube, see endotracheal tube
- Experimental animal(s), dog(s), abdominal counterpulsation
 CPR and, 99
 artificial ventilation and, 337
 cardiopulmonary arrest in, 120
 cardiopulmonary resuscitation and, 132, 305
 coronary perfusion pressure during CPR in, 147
 drug clearance by diarrhea induction in, 182
 effect of epinephrine on defibrillation in, 285
 epicardial and pericardial fibrillation and, 160
 neurological recovery with flunarizine in cardiac arrest of, 150
 open-chest cardiopulmonary resuscitation and, 495
 transcutaneous cardiac pacing and, 108
- rat(s), acute cyanide poisoning and, 519
 stroma-free methemoglobin solution and, 519
 use in studies of IAC-CPR of, 165
- External cardiac pacing, see cardiac pacing, transcutaneous
- FEC(s), see emergency center(s), freestanding
- Fibrillation, ventricular, see ventricular fibrillation

- Newmeyer WL, *Primary Care of Hand Injuries* (book review), 277
- Nifedipine, treatment of acute hypertension with, 524

- Obstruction, biliary, alkaline phosphatase and, 556
 O'Donoghue DH, *Treatment of Injuries to Athletes* (book review), 277
 Open-chest cardiac massage (editorial), 84
 Osteogenesis imperfecta, diagnosis of fractures caused by, 321
 Oven-cleaner pads, corrosive injury caused by, 412
 Overdose, coma resulting from, 210
 levothyroxine, study of pediatric cases of, 297
 theophylline, 386
 theophylline (editorial), 475
 acidosis, hyperglycemia, and hypokalemia caused by, 408
 triazolam, 210
 Oxygen monitoring, conjunctival, use in atrial flutter of, 541
 Oxygen saturation, central venous versus mixed venous, during cardiopulmonary resuscitation, 495
- Pacemaker, transthoracic, see also cardiac pacing, transthoracic
 placement accuracy of (letter), 577
 Pacing, cardiac, see cardiac pacing
 Paradoxical embolism, see embolism, paradoxical
 Paramedic(s), intubation training techniques for (letter), 575
 response time in cardiac arrest, acidosis and, 498
 Partial pressure of carbon dioxide, use as an index of coronary perfusion pressure, 147
 Patient tracking cards, use in triage during disaster(s) of, 323
 P_{CO_2} , see partial pressure of carbon dioxide
 Pediatrics, occult bacteremia, effect of antipyretic therapy in, 190
 Philadelphia Examiners, *Oral Board Review: Emergiscrit and Emergitape* (book review), 379
 Phosphatase, alkaline, see alkaline phosphatase
 Poisoning, see also toxicity
 American Association of Poison Control Centers annual report on, 423
 cyanide, antidote for, 519
 diagnosis in emergency department(s) of, 507
 lead, incidence in victims of accidental ingestion, 301
 levothyroxine, pediatric, 297
 theophylline (editorial), 475
 toxicology screening in emergency department(s) and, 507
 use of diarrhea induction in, 182
 Potassium, levels in cardiac resuscitation of, 503
 Practitioner(s), general, emergency medical services system in United Kingdom and, 561
 Pregnancy, seizure(s) during, cerebral venous thrombosis causing, 551
 Pre-hospital care, role of physicians in, 15
 Pressure, central arterial, effect of IAC-CPR on, 156
 central venous, effect of IAC-CPR on, 156
 coronary perfusion, see coronary perfusion pressure
 Pseudohyponatremia, distinction of hyponatremia from, 236
 pathogenesis of, 236
 Psychiatric patient(s), seizures in, 451
 Psychiatric screening, use in emergency department of (editorial), 476
 Psychological symptom(s), recognition in emergency department of, 400, 419
 Public health, botulism outbreak and, 203
 Pulmonary edema, see edema, pulmonary
- Recreation, softball, injuries seen in the emergency department associated with, 199
 Redding, Joseph S., contributions to cardiac resuscitation by, 247
 Renal colic, see under colic
 Renal failure, myoglobinuric, 24
 Renal infarction, see infarction, renal
 Rescue Training Associates Ltd., *Action Guide for Emergency Service Personnel* (book review), 585
 Research, design and methodology, in emergency medicine, 67
 management and planning in, 360
 resuscitative, fallacious arguments against, 461
 writing a scientific paper prior to, 360
 Respiration, artificial, see ventilation, artificial
 Resuscitation, cardiac, see cardiac resuscitation
 Resuscitation, cardiopulmonary, see cardiopulmonary resuscitation
 Resuscitation, cerebral, see cerebral resuscitation
 Resuscitation, efficacy of, acidosis as determinant of, 498
 intravenous flow rates in, 187
 research into, fallacious arguments against, 461
 trauma, use of whole blood in, 358
 use of endotracheal tube and esophageal gastric tube airway in, 381
 ventilatory volumes delivered by different techniques during, 292
 Rhabdomyolysis, 24
 Rivers CS, *Preparing for the Oral Board Exam in Emergency Medicine* (book review), 379

Contents

VOLUME 3, 1985

Number 1 • January 1985

ORIGINAL CONTRIBUTIONS

- Neurological Recovery after Cardiac Arrest: Clinical Feasibility Trial of Calcium Blockers *Alan C. Schwartz* 1
- Coronary Perfusion Pressure during Cardiopulmonary Resuscitation *Arthur B. Sanders, Martin Ogle, Gordon A. Ewy* 11
- The Impact of a Physician-staffed Mobile Intensive Care Unit *David Applebaum* 15
- The Use of Antibiotics in the Initial Management of Recent Dog-bite Wounds *Robert A. Rosen* 19

BRIEF REPORTS

- Methanol Poisoning Complicated by Myoglobinuric Renal Failure *Steven Grufferman, Deborah Morris, Jose Alvarez* 24
- Extensive Isolated Inferior Vena Caval Injury Following Blunt Trauma *John M. Wogan, Susan H. Early, Carl Soderstrom* 27
- The Effect of Time Since Training on House Officers' Retention of Cardiopulmonary Resuscitation Skills *Mary E. Mancini, William Kaye* 31
- Salicylate-induced Pulmonary Edema: Clinical Characteristics in Children *Charles J. Fisher, Timothy E. Albertson, Garrett E. Foulke* 33
- Thermal Injury Caused by Hot Pack Application in Hypothermic Children *Kenneth W. Feldman, Jeffrey P. Morray, Robert T. Schaller* 38
- Gas Gangrene, Diabetes, and Cholecystitis *Gabriel Mayer, Rodney Kang* 42
- Clinically Significant Methemoglobinemia from Inhalation of Isobutyl Nitrite *David A. Guss, Sven A. Normann, Anthony Manoguerra* 46

CLINICOPATHOLOGICAL CASE CONFERENCE

- Trauma and Hypothermia *Randall Best, Scott Syverud, Richard M. Nowak* 48

REVIEW

- Renal Colic: Emergency Evaluation and Management *Jason C. Abber, Jack W. McAninch* 56

THERAPEUTICS

- Removal of Esophageal Foreign Bodies Using a Foley Catheter in Adults *Sergio Ginaldi* 64

RESEARCH SEMINARS

- Controlled Clinical Trials in Emergency Medicine *Charles G. Brown, Michael Moser, Melvin Moeschberger, Gabor D. Kelen* 67

CONTROVERSIES

- The Acute Asthmatic in the Emergency Department: The Decision to Admit or Discharge *Barry E. Brenner* 74

INTERNATIONAL NOTES

- Emergency Hospital Infrastructure in Belgium *R. Askenasi* 78
The Emergency Medical System in Japan *Toshiharu Yoshioka, Tsuyoshi Sugimoto* 79

EDITORIALS

- Physician-staffed Mobile ICUs *Bruce M. Thompson* 81
Calcium Blockers after Cardiac Arrest: History Repeats Itself *Norman Abramson* 82
Dog Bites: The Controversy Continues *Charles G. Brown, James J. Ashton* 83
A Call to Study Improved Cardiac Life Support *Charles F. Babbs, Blaine C. White* 84
Clinicians and Research *J. Douglas White* 88

PROCEEDINGS OF THE FIFTH PURDUE CONFERENCE ON CPR AND DEFIBRILLATION

ORIGINAL CONTRIBUTIONS

- Gastric Insufflation during IAC-CPR and Standard CPR in a Canine Model *Charles F. Babbs, William E. Schoenlein, Mark W. Lowe* 99
Low-energy Defibrillation: Safe and Effective *Carol T. Lake, T. Duncan Sellers, Stanton P. Nolan, Ivan K. Crosby, H. A. Wellons, Richard S. Crampton* 104
Pathological Aspects of Transcutaneous Cardiac Pacing *Elizabeth J. Kicklighter, Scott A. Syverud, William C. Dalsey, Jerris R. Hedges, Johanna M. Van Der Bel-Kahn* 108
Survival of Out-of-hospital Cardiac Arrest with Early Initiation of Cardiopulmonary Resuscitation *Richard O. Cummins, Mickey S. Eisenberg, Alfred P. Hallstrom, Paul E. Litwin* 114
Lactic Acidosis as a Predictor of Downtime during Cardiopulmonary Arrest in Dogs *Donna L. Carden, Gerard B. Martin, Richard M. Nowak, Craig C. Foreback, Michael C. Tomlanovich* 120
Immediate Transthoracic Pacing for Cardiac Asystole in an Emergency Department Setting *J. Douglas White, Charles G. Brown* 125
External Cardiac Pacing for Out-of-hospital Bradyasystolic Arrest *Carin M. Olson, Michael S. Jastremski, Rodney W. Smith, Gary J. Tyndall, Gregory F. Montgomery, Mary C. Daye* 129
Venous and Arterial Blood Gases during and after Cardiopulmonary Resuscitation in Dogs *Sandra H. Ralston, William D. Voorhees, Lee Showen, Peter Schmitz, Constantina Kougas, Willis A. Tacker* 132
Rapid Change in Pulmonary Vascular Hemodynamics with Pulmonary Edema during Cardiopulmonary Resuscitation *Joseph P. Ornato, Timothy W. Ryschon, Edgar R. Gonzalez, Jan L. Bredthauer* 137
Pre-hospital IAC-CPR versus Standard CPR: Paramedic Resuscitation of Cardiac Arrests *James R. Mateer, Harlan L. Stueven, Bruce M. Thompson, Charles Aprahamian, Joseph C. Darin* 143

Expired P_{CO_2} as an Index of Coronary Perfusion Pressure	Arthur B. Sanders, Matthew Atlas, Gordon A. Ewy, Karl B. Kern, Steven Bragg	147
Improved Short-term Neurological Recovery with Flunarizine in a Canine Model of Cardiac Arrest	H. L. Edmonds, Jr., A. Wauquier, W. Melis, W. A. E. Van den Broeck, J. Van Loon, P. A. J. Janssen	150
Effect of Interposed Abdominal Compression during CPR on Central Arterial and Venous Pressures	John L. McDonald	156
Epicardial versus Parietal Pericardial Defibrillation	Leo Rubin, P. Hudson	160
RESEARCH SEMINARS		
Abdominal Counterpulsation in Cardiopulmonary Resuscitation: Animal Models and Theoretical Considerations	Charles F. Babbs	165
EDITORIALS		
Cardiac Arrest: Lessons From the Fifth Purdue Conference	Richard O. Cummins	171
